Abstract

Stating that the way in which the Municipal authorities are proceeding to erect the (new) pettah near Korachanjaga is quite unsuitable to them, the road being very crooked & the frontage of the houses being towards "Agnimukhi", & praying that this important matter may be entrusted to Hon'ble V. P. Madhava Rao, C.I.E., who is competent to deal with the matter in all its details agreeable to our sentiments who has gathered as Plague Comr vast experience in matters relating to the sanitary & local requirements of people.

To,

Sri Krishnarajandra Wodeyar Bahadur,

Maharaja of Mysore.

May it please your Gracious Highness,

We beg to bring to your Highness' kind consideration that your Highness is aware that our Patnool petta, Bangalore City, was lately removed at the suggestion made by Mr.V.P.Madhava Rao, C.I.E., the late Plague Commissioner in the interests of our welfare and that a fresh site was selected for us near Koracharpalya, Bangalore City. The Municipality has been defraying all the expenses, required for the formation of the Petta i.e., laying out roads, forming house-building sites.,&c.,&c. While being so very grateful for what the benign Government, with a paternal care is doing so much on behalf of us, we deeply regret to State that the way in which the Municipal authorities are proceeding to erect the petta is quite unsuitable to us. The road, that is being laid, seems very crooked. The frontage of the houses is neither towards the western or eastern direction, but turns towards what is known as "AGNIMOOKHI". This, your Highness will observe, is quite inconsistent with the principles, observed in erecting houses by Hindus and Mahomedans. Under such circumstances we represented our grievances to the President, Vice-President, the P.W.Authorities and others, but to our surprise, they seem quite indifferent to our representations and only urge us to push on with the work as early as possible. No doubt this betrays a want of experience on the part of the Municipal Authorities on the points relating to the physical and sanitary requirements of your poor

No doubt this betrays a want of experience on the part of the Municipal Authorities on the points relating to the physical and sanitary requirements of your poor

subjects. As Mr.V.P.Madhava Rao, C.I.E., at whose initiation this measure was started, as we have stated above, he only, in our humble opinion, is competent to deal with the matter in all its details agreeabl to our sentiments, as he has studied the matter from its very beginning added to the vast experience he has gathered as Plague Commissioner in matters relating to the sanitary and local requirements of people.

We therefore beg Your Highness will be so kind as to entrust this important matter to Mr.Madhava Rao alone, instead of to the present officials and thus protect us.

For which act of charity, we poor and loyal subjects will feel ever grateful to your Highness.

SIR,

With reference to your docket
no: L. B. P. 1162 dated the 27th ultimo.
forwarding for report a petition
from Patnachete people complaining
against the manner in which roads
have been opened and house-sites
marked &c., I have the honor to state
that the present site near Kovachara
palya for the New Patnachete was
selected by the late Plague Commissioner
in consultation with the Senior Surgeon
and Sanitary Commissioner and the
late

late Sanitary Superintending Engineer.
The last Province Officer drew up plans
and specifications and marked out
roads and house-sites. The Pastoral
pete people agreed to build houses
according to the specifications prepared by
Mr Lee and Government accordingly
sanctioned the construction of
houses at a cost of Rs 28,000/- in
Governmental Proceedings No. 1205-61
XBP1369
dated the 23rd June 1902. Those people
took advances and began to build
without any complaint. Many of
them have been finishing on with the work.
It is not clear how long after
they took advances had commenced
building they have thought of
complaining against the manner
in which sites are marked...
11 When the former President Mr Spankes

and the Vice President inspected the ground with these people before making any advances, they were said to have been perfectly satisfied with the situation and eager to build. Now, on enquiry, it is found that since the subscription of the petition to Government, many of them are unwilling to be shifted elsewhere and are anxious to have their houses built on the present site. The petition received with the docket in duplicate herewith presumed.

SIR,

With reference to your docket No. L.B.P. 1309 dated the 8th ultimo, I have the honor to state that the house-sites granted to the people of Patnoolpett near Korachara-palya were facing originally North-~~East~~ West to South-~~West~~ East as marked out at the time of allotment. They objected to the houses being built in that direction which they termed 'Agnimoole' and prayed for alteration. Accordingly the line was changed and the House-sites were newly marked on the 21st Instant and shown to the petitioners. A tracing showing the alterations now made together with the original plan is herewith submitted for information and obliging return.

2. I request that very early orders may be kindly issued in view to allow the petitioners resuming the work of construction which they were ordered to stop till the final settlement of their complaint. They now agree to the direction shown in the new site plan and are willing to proceed with the construction of the houses.

SIR,

Sl. no 6

With reference to Government Proceedings No. 1598-9/L.B.P. dated the 30th Ultimo, regarding the selection of a fresh site for the construction of houses for the people of Patnulpet, I have the honor to state that when the order of Government was intimated to them, they refused to give up the present site and to choose a fresh one and, until a few days back, continued to be obstinate in the matter. But after much persuation, they were induced to give up the hope of completing the construction of their houses on the present site and to see that it was to their own interest to select another one early. Thereupon, they chose the site to the East of Bamboobazaar on the South side of Hoskota Road. I disapproved it as it is quite swampy, water-logged and unsuitable for building dwelling houses. They next chose the site marked A in the accompanying sketch. It is to the East of Koracharapalya on the Hosoor Road and not far from the present site and measures about 2 acres 2 guntas.

2. The ground seems to be suitable for the purpose - and the Patnulpet people are quite averse to live far away from the place of business in the City and are not willing to move on to any place farther but more healthy and extensive than the one now chosen.

b

3. I request the favor of very early orders as to whether the site in question is acceptable to Government.

His Highness

Krishnaraja Wodiyar Bahadur,

Maharaja of Mysore.

May it please your Highness,

Adverting to our petition dated 20th February 1904 we The undersigned Mohamedans Residents of the Old Patnool Petta, Bangalore City, beg most respectfully to represent that notwithstanding the grievances we urged in the above petition and the difficulties we suffer consequent on the removal of the said petta, Your Highness' Government has not been pleased either to favour us with an endorsement or to order the necessar alterations to be made in the formation of the new locality consistantly with our sentiments and local requirements. We need scarcely say that during the late rains many of your Highness' subjects including ourselves were rendered homeless. we cannot express here at any length the difficulties we suffer for want of houses and losses we are daily incurring owing to our inability to attend to our professional duties. In the midst of these difficulties we are daily comforting ourselves with the expectation of early orders being passed on our petition, and we deeply regret to see that no attempt is yet made by the Municipal authorities to carry out the necessary alterations in the formation of the new Patnool Petta.

We have stored on the new locality quantities of timber and stones &c., for the erection of houses which are lying there without being utilised, and a greater portion of them has been either rendered useless by exposure or lost by theft.

We

We therefore beg that your Highness would be pleased to take our grievances into favourable consideration and issue early orders on the petition.

For which act of Charity we shall ever be thankful to your Highness,

We beg to remain,
